

# Brochure

VOLVO PENTA Joystick with DPS (Direct Positioning System).

Lenco Trim Tabs

Quick electric bow thruster

Lofrans anchor windlass model X2 brand new.

Vulcan (by Rocna) anchor with 60m chain.

Generator ONAN 11MDKBN-5873G, of 11 kW at 1500 rpm, one phase AC, 230V, 50Hz,

Mediterranean 42,000 BTU air conditioning system

Water Maker Aqua Whisper Mini 750 142lt/hr installed 09/2017 (fully serviced every year)

2x MASTERVOLT Mass Combi Ultra 12v 3000W 230v Inverter/Charger installed in 2017

Both are connected in parallel and provide ample inverting power, charge the lithium house batteries and automatically switch between shore/generator/inverter.

2x MASTERVOLT MLI lithium house batteries for a total of 10kWh energy storage capacity. Installed in 2017

The combination of the installed inverter/charger and lithium batteries means that all 230v consumers on board (except AirCondition and Water Maker) can be operated simultaneously without the need to start the generator, when not connected to shore power.

MASTERVOLT extra alternator 110A with regulator for dedicated charging of the lithium batteries while underway.

MASTERVOLT Chargemaster 12/25-3 for 12v engine batteries.

2x EXCIDE 100A AGM starter batteries

MASTERVOLT easy view display for all the information related to the MASTERBUS equipment connected to the MASTERBUS.

## At the Helm:

- VOLVO PENTA engines' start/stop
